

# FIND YOUR CLOSET STYLE

How much space do I have?

How do I want to use my closet?

Is clothing fun and important to you? Do you wish you could get out the door faster in the morning? What do you wish you could do with your closet that you can't do now? Write down how you'd like to use your closet in the space below.

How do I want my closet to look and feel?

Options include: minimalist, cozy, utilitarian, and glam as heck! This is a good time to do a Pinterest deep dive and get inspired! Note: **this is not a shopping list**. Whenever possible, use what you already have to get organized. Dream a little here, have fun, and then we can work toward making that dream a reality!
